<b>Comments:</b>	
<p>Winterbourne Gunner is provisionally identified as a "Secondary Village" within the Core Strategy however is within a wider "cluster" with a large collective population (3000+). Overall access to services and facilities is good however locally there is the risk of eroding the separate character of the settlements and also the A338 is perceived as problematic.</p> <p>The uppermost part of the site is quite exposed in the landscape with open views to Salisbury including the Cathedral Spire. However the lower part closer to the settlement and the A338 is more secluded.</p>
